Beyond the stars

Fly behind the stars of Ibiza for 48 hours

Imagine we pick you up at the airport, take you to the most **exclusive villa** on the island, where only rock and movie stars live before and after you, further from the **pool party** to the **VIP area**, where you set the tone

You party hard, with after-hours in your own **villa club**. One floor up when it's time to fall asleep like an angel on your **Bali bed** – and then chill by the pool with a cocktail straw in the corner of your mouth – until we bring you smoothly back to the airport

And on the plane back to reality you realize that
you have lived a dream that will never exist again

Anything you can dream, you can experience just
like that

Doing is like wanting – only better

**”During the holidays we not only discover new
places, but also ourselves”**
